ADAPTER

STEP 4

OPTIONAL VEHICLE
ADAPTERS

Non-Metra Product Used in this Step

STEP 1

DASH INSTALLATION KIT

- Contoured & Textured to Match the Factory Finish
- High Quality ABS Plastic Provides Added Durability
- Required for Installation in Most Vehicles

STEP 2

FACTORY WIRE HARNESS

- For Quick Plug-n-Play Installation
- Prevents Damage to the Factory Wiring Harness
- Insures Tight Connection for Better Sound Quality

STEP 3

ANTENNA ADAPTER

- Connects Aftermarket Radio Port to Vehicle Specific Port
- Adapter Used for Better Radio Signal Connection
- Easy Install when Using New Wire Harness (STEP 2)

STEP 4

RADIO INSTALLATION ADAPTER

For use in vehicles that want to keep factory features such as: safety and warning chimes, factory sound system, and radio turn-on with key

STEERING WHEEL CONTROL ADAPTER

For use in vehicles with controls on the steering wheel such as: volume, change track, pause, answer call, and more
