

# Safety Data Sheet

acc. to 29 CFR 1910.1200 App D

## Adam's Mega Foam

Version number: GHS 7.0  
Replaces version of: 2024-06-05 (GHS 6)

Revision: 2024-06-05

### SECTION 1: Identification

#### 1.1 Product identifier

Trade name Adam's Mega Foam

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses Professional use  
Industrial use  
HS code 3402.39.90

#### 1.3 Details of the supplier of the safety data sheet

Adam's Polishes Inc.  
8225 North Valley Hwy.  
Thornton CO 80221  
720-484-5059

tips@adamspolishes.com  
www.adamspolishes.com

#### 1.4 Emergency telephone number

Emergency information service USA 1.800.535.5053, INTL 1.352.323.3500  
24 hour emergency number

### SECTION 2: Hazard(s) identification

#### 2.1 Classification of the substance or mixture

Classification acc. to OSHA "Hazard Communication Standard" (29 CFR 1910.1200)

| Section | Hazard class                      | Hazard class and category | Hazard statement |
|---------|-----------------------------------|---------------------------|------------------|
| A.2     | skin corrosion/irritation         | Skin Irrit. 2             | H315             |
| A.3     | serious eye damage/eye irritation | Eye Dam. 1                | H318             |

For full text of abbreviations: see SECTION 16.

#### 2.2 Label elements

Labelling acc. to OSHA "Hazard Communication Standard" (29 CFR 1910.1200)

- Signal word danger

- Pictograms

GHS05

- Hazard statements

H315 Causes skin irritation.  
H318 Causes serious eye damage.

## Adam's Mega Foam

Version number: GHS 7.0

Replaces version of: 2024-06-05 (GHS 6)

Revision: 2024-06-05

### - Precautionary statements

|                |                                                                                                                                  |
|----------------|----------------------------------------------------------------------------------------------------------------------------------|
| P280           | Wear protective gloves/protective clothing/eye protection/face protection.                                                       |
| P302+P352      | If on skin: Wash with plenty of water.                                                                                           |
| P305+P351+P338 | If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. |
| P310           | Immediately call a poison center/doctor.                                                                                         |
| P321           | Specific treatment (see on this label).                                                                                          |
| P362           | Take off contaminated clothing and wash before reuse.                                                                            |

### - Hazardous ingredients for labelling

sodium [dodecanoyl(methyl)amino]acetate, D-Glucopyranose, oligomers, decyl octyl glycosides, Dimethyldodecylamine-N-oxide, ammonium alcohol ether sulfate

## 2.3 Other hazards

### Results of PBT and vPvB assessment

Does not contain a PBT-/vPvB-substance at a concentration of  $\geq 0.1\%$ .

### Endocrine disrupting properties

Does not contain an endocrine disruptor (ED) in a concentration of  $\geq 0.1\%$ .

## SECTION 3: Composition/information on ingredients

### 3.1 Substances

Not relevant (mixture)

### 3.2 Mixtures

#### Description of the mixture

| Hazardous ingredients acc. to GHS                     |                       |          |                                                                  |

### Remarks

For full text of abbreviations: see SECTION 16.

# Safety Data Sheet

acc. to 29 CFR 1910.1200 App D

## Adam's Mega Foam

Version number: GHS 7.0  
Replaces version of: 2024-06-05 (GHS 6)

Revision: 2024-06-05

### SECTION 4: First-aid measures

#### 4.1 Description of first-aid measures

##### General notes

Do not leave affected person unattended. Remove victim out of the danger area. Keep affected person warm, still and covered. Take off immediately all contaminated clothing. In all cases of doubt, or when symptoms persist, seek medical advice. In case of unconsciousness place person in the recovery position. Never give anything by mouth.

##### Following inhalation

If breathing is irregular or stopped, immediately seek medical assistance and start first aid actions. In case of respiratory tract irritation, consult a physician. Provide fresh air.

##### Following skin contact

Wash with plenty of soap and water.

##### Following eye contact

Remove contact lenses, if present and easy to do. Continue rinsing.

##### Following ingestion

Rinse mouth with water (only if the person is conscious). Do NOT induce vomiting.

### SECTION 5: Fire-fighting measures

#### 5.1 Extinguishing media

##### Suitable extinguishing media

Water spray, Alcohol resistant foam, BC-powder, Carbon dioxide (CO<sub>2</sub>)

#### 5.2 Special hazards arising from the substance or mixture

##### Hazardous combustion products

Nitrogen oxides (NO<sub>x</sub>), Carbon monoxide (CO), Carbon dioxide (CO<sub>2</sub>)

#### 5.3 Advice for firefighters

In case of fire and/or explosion do not breathe fumes. Coordinate firefighting measures to the fire surroundings. Do not allow firefighting water to enter drains or water courses. Collect contaminated firefighting water separately. Fight fire with normal precautions from a reasonable distance.

### SECTION 6: Accidental release measures

#### 6.1 Personal precautions, protective equipment and emergency procedures

##### For non-emergency personnel

Remove persons to safety.

##### For emergency responders

Wear breathing apparatus if exposed to vapors/dust/aerosols/gases.

#### 6.2 Environmental precautions

#### 6.3 Methods and material for containment and cleaning up

##### Advice on how to contain a spill

Covering of drains

##### Advice on how to clean up a spill

Wipe up with absorbent material (e.g. cloth, fleece). Collect spillage: sawdust, kieselgur (diatomite), sand, universal binder

# Safety Data Sheet

acc. to 29 CFR 1910.1200 App D

## Adam's Mega Foam

Version number: GHS 7.0  
Replaces version of: 2024-06-05 (GHS 6)

Revision: 2024-06-05

### Appropriate containment techniques

Use of adsorbent materials.

### Other information relating to spills and releases

Place in appropriate containers for disposal. Ventilate affected area.

## 6.4 Reference to other sections

Hazardous combustion products: see section 5. Personal protective equipment: see section 8. Incompatible materials: see section 10. Disposal considerations: see section 13.

## SECTION 7: Handling and storage

### 7.1 Precautions for safe handling

#### Recommendations

- Measures to prevent fire as well as aerosol and dust generation

Use local and general ventilation. Use only in well-ventilated areas.

#### Advice on general occupational hygiene

Wash hands after use. Do not eat, drink and smoke in work areas. Remove contaminated clothing and protective equipment before entering eating areas. Never keep food or drink in the vicinity of chemicals. Never place chemicals in containers that are normally used for food or drink. Keep away from food, drink and animal feedingstuffs.

### 7.2 Conditions for safe storage, including any incompatibilities

#### Control of the effects

Protect against external exposure, such as  
frost

### 7.3 Specific end use(s)

See section 16 for a general overview.

## SECTION 8: Exposure controls/personal protection

### 8.1 Control parameters

| Occupational exposure limit values (Workplace Exposure Limits) |                 |          |            |           |                          |            |                           |                 |                                |            |               |

### Notation

|           |                                                                                                                                                                          |
|-----------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Ceiling-C | ceiling value is a limit value above which exposure should not occur                                                                                                     |
| i         | inhalable fraction                                                                                                                                                       |
| STEL      | short-term exposure limit: a limit value above which exposure should not occur and which is related to a 15-minute period (unless otherwise specified)                   |
| TWA       | time-weighted average (long-term exposure limit): measured or calculated in relation to a reference period of 8 hours time-weighted average (unless otherwise specified) |
| vap       | as vapors                                                                                                                                                                |

### Relevant DNELs of components

| Name of substance                                  | CAS No      | End-point | Threshold level       | Protection goal, route of exposure | Used in           | Exposure time              |
|----------------------------------------------------|-------------|-----------|-----------------------|------------------------------------|-------------------|----------------------------|
| Sodium C14-16 olefin sulfonate                     | 68439-57-6  | DNEL      | 152 mg/m <sup>3</sup> | human, inhalatory                  | worker (industry) | chronic - systemic effects |
| Sodium C14-16 olefin sulfonate                     | 68439-57-6  | DNEL      | 2,158 mg/kg bw/day    | human, dermal                      | worker (industry) | chronic - systemic effects |
| sodium [dodecanoyl(methyl)amino]acetate            | 137-16-6    | DNEL      | 5 mg/m <sup>3</sup>   | human, inhalatory                  | worker (industry) | chronic - local effects    |
| sodium [dodecanoyl(methyl)amino]acetate            | 137-16-6    | DNEL      | 71 mg/m <sup>3</sup>  | human, inhalatory                  | worker (industry) | chronic - systemic effects |

## 8.2 Exposure controls

### Appropriate engineering controls

General ventilation.

### Individual protection measures (personal protective equipment)

#### Eye/face protection

Wear eye/face protection.

#### Skin protection

##### - Hand protection

Wear suitable gloves. Chemical protection gloves are suitable, which are tested according to EN 374. Check leak-tightness/impermeability prior to use. In the case of wanting to use the gloves again, clean them before taking off and air them well. For special purposes, it is recommended to check the resistance to chemicals of the protective gloves mentioned above together with the supplier of these gloves.

Replaces version of: 2024-06-05 (GHS 6)

Revision: 2024-06-05

### - Other protection measures

Take recovery periods for skin regeneration. Preventive skin protection (barrier creams/ointments) is recommended. Wash hands thoroughly after handling.

### Environmental exposure controls

Use appropriate container to avoid environmental contamination. Keep away from drains, surface and ground water.

## SECTION 9: Physical and chemical properties

### 9.1 Information on basic physical and chemical properties

#### Appearance

|                |                       |
|----------------|-----------------------|
| Physical state | liquid                |
| Color          | scarlet red           |
| Particle       | not relevant (liquid) |
| Odor           | fruity and sweet      |

#### Other safety parameters

|                                         |                                   |
|-----------------------------------------|-----------------------------------|
| pH (value)                              | 7 – 8                             |
| Melting point/freezing point            | not determined                    |
| Initial boiling point and boiling range | 100 °C                            |
| Flash point                             | not determined                    |
| Evaporation rate                        | Not determined                    |
| Flammability (solid, gas)               | not relevant, (fluid)             |
| Vapor pressure                          | 32 hPa at 25 °C                   |
| Density                                 | 1.1 g/ml                          |
| Vapor density                           | this information is not available |

#### Solubility(ies)

|                    |                            |
|--------------------|----------------------------|
| - Water solubility | miscible in any proportion |
|--------------------|----------------------------|

#### Partition coefficient

|                             |                                   |
|-----------------------------|-----------------------------------|
| - n-octanol/water (log KOW) | this information is not available |
|-----------------------------|-----------------------------------|

## Adam's Mega Foam

Version number: GHS 7.0  
Replaces version of: 2024-06-05 (GHS 6)

Revision: 2024-06-05

### Auto-ignition temperature

|                      |                                    |
|----------------------|------------------------------------|
| Viscosity            | not determined                     |
| Explosive properties | none                               |
| Oxidizing properties | none                               |
|                      | there is no additional information |

## SECTION 10: Stability and reactivity

### 10.1 Reactivity

Concerning incompatibility: see below "Conditions to avoid" and "Incompatible materials".

### 10.2 Chemical stability

See below "Conditions to avoid".

### 10.3 Possibility of hazardous reactions

No known hazardous reactions.

### 10.4 Conditions to avoid

There are no specific conditions known which have to be avoided.

### 10.5 Incompatible materials

Oxidizers

### 10.6 Hazardous decomposition products

Reasonably anticipated hazardous decomposition products produced as a result of use, storage, spill and heating are not known. Hazardous combustion products: see section 5.

## SECTION 11: Toxicological information

### 11.1 Information on toxicological effects

Test data are not available for the complete mixture.

#### Classification procedure

The method for classification of the mixture is based on ingredients of the mixture (additivity formula).

#### Classification acc. to OSHA "Hazard Communication Standard" (29 CFR 1910.1200)

#### Acute toxicity

Shall not be classified as acutely toxic.

| Acute toxicity estimate (ATE) of components |           |                       |            |
|---------------------------------------------|-----------|-----------------------|------------|
| Name of substance                           | CAS No    | Exposure route        | ATE        |
| sodium [dodecanoyl(methyl)amino]acetate     | 137-16-6  | inhalation: dust/mist | >1 mg/l/4h |
| Dimethyldodecylamine-N-oxide                | 1643-20-5 | oral                  | 500 mg/kg  |

#### Skin corrosion/irritation

Causes skin irritation.

# Safety Data Sheet

acc. to 29 CFR 1910.1200 App D

## Adam's Mega Foam

Version number: GHS 7.0  
Replaces version of: 2024-06-05 (GHS 6)

Revision: 2024-06-05

### Serious eye damage/eye irritation

Causes serious eye damage.

### Respiratory or skin sensitization

Shall not be classified as a respiratory or skin sensitizer.

### Germ cell mutagenicity

Shall not be classified as germ cell mutagenic.

### Carcinogenicity

Shall not be classified as carcinogenic.

### Reproductive toxicity

Shall not be classified as a reproductive toxicant.

### Specific target organ toxicity - single exposure

Shall not be classified as a specific target organ toxicant (single exposure).

### Specific target organ toxicity - repeated exposure

Shall not be classified as a specific target organ toxicant (repeated exposure).

### Aspiration hazard

Shall not be classified as presenting an aspiration hazard.

## SECTION 12: Ecological information

### 12.1 Toxicity

Harmful to aquatic life with long lasting effects.

| Aquatic toxicity (acute) of components             |            |          |           |                       |               |
|----------------------------------------------------|------------|----------|-----------|-----------------------|---------------|
| Name of substance                                  | CAS No     | Endpoint | Value     | Species               | Exposure time |
| Sodium C14-16 olefin sulfonate                     | 68439-57-6 | LC50     | 4.2 mg/l  | fish                  | 96 h          |

| 2-methylpentane-2,4-diol                           | 107-41-5    | EC50     | 5,410 mg/l | aquatic invertebrates | 48 h          |
| 2-methylpentane-2,4-diol                           | 107-41-5    | ErC50    | >429 mg/l  | algae                 | 72 h          |

### Aquatic toxicity (chronic) of components

| Name of substance                                  | CAS No      | Endpoint | Value       | Species        | Exposure time |
|----------------------------------------------------|-------------|----------|-------------|----------------|---------------|
| Sodium C14-16 olefin sulfonate                     | 68439-57-6  | EC50     | 230 mg/l    | microorganisms | 3 h           |
| sodium [dodecanoyl(methyl)amino]acetate            | 137-16-6    | EC50     | >1,000 mg/l | microorganisms | 3 h           |
| D-Glucopyranose, oligomers, decyl octyl glycosides | 68515-73-1  | LC50     | 3.2 mg/l    | fish           | 28 d          |
| D-Glucopyranose, oligomers, decyl octyl glycosides | 68515-73-1  | EC50     | >560 mg/l   | microorganisms | 6 h           |
| lauryl glucoside                                   | 110615-47-9 | LC50     | 3.2 mg/l    | fish           | 28 d          |

#### 12.2 Persistence and degradability

Data are not available.

#### 12.3 Bioaccumulative potential

Data are not available.

#### 12.4 Mobility in soil

Data are not available.

#### 12.5 Results of PBT and vPvB assessment

According to the results of its assessment, this substance is not a PBT or a vPvB. Does not contain a PBT-/vPvB-substance at a concentration of  $\geq 0.1\%$ .

#### 12.6 Endocrine disrupting properties

Does not contain an endocrine disruptor (ED) in a concentration of  $\geq 0.1\%$ .

### 12.7 Other adverse effects

Data are not available.

## SECTION 13: Disposal considerations

### 13.1 Waste treatment methods

Sewage disposal-relevant information

Do not empty into drains. Avoid release to the environment. Refer to special instructions/safety data sheets.

Waste treatment of containers/packages

Completely emptied packages can be recycled. Handle contaminated packages in the same way as the substance itself.

#### Remarks

Please consider the relevant national or regional provisions. Waste shall be separated into the categories that can be handled separately by the local or national waste management facilities.

## SECTION 14: Transport information

|      |                                                |                                                                       |
|------|------------------------------------------------|-----------------------------------------------------------------------|
| 14.1 | UN number                                      | not subject to transport regulations                                  |
| 14.2 | UN proper shipping name                        | not relevant                                                          |
| 14.3 | Transport hazard class(es)                     | none                                                                  |
| 14.4 | Packing group                                  | not assigned                                                          |
| 14.5 | Environmental hazards                          | non-environmentally hazardous acc. to the dangerous goods regulations |
| 14.6 | Special precautions for user                   | There is no additional information.                                   |
| 14.7 | Transport in bulk according to IMO instruments | The cargo is not intended to be carried in bulk.                      |

#### Information for each of the UN Model Regulations

##### Transport of dangerous goods by road or rail (49 CFR US DOT)

Not subject to transport regulations.

##### International Maritime Dangerous Goods Code (IMDG)

Not subject to IMDG.

##### International Civil Aviation Organization (ICAO-IATA/DGR)

Not subject to ICAO-IATA.

## SECTION 15: Regulatory information

### 15.1 Safety, health and environmental regulations specific for the product in question

#### National regulations (United States)

Toxic Substance Control Act (TSCA) all ingredients are listed

Revision: 2024-06-05

### Additional information

The contained substances are listed in the following national inventories:

AICS (Australia)  
DSL/NDSL (Canada)  
IECSC (China)  
KECL (Republic of Korea)  
NZIoC (New Zealand)  
PICCS (Philippines)  
TCSI (Taiwan)  
TSCA (United States)

### 15.2 Chemical Safety Assessment

Chemical safety assessments for substances in this mixture were not carried out.

## SECTION 16: Other information, including date of preparation or last revision

### Indication of changes (revised safety data sheet)

Alignment to regulation: Globally Harmonized System of Classification and Labelling of Chemicals ("Purple book").  
Restructuring: section 9, section 14

| Section | Former entry (text/value)                                    | Actual entry (text/value)                                                                       | Safety-relevant |

## Adam's Mega Foam

Version number: GHS 7.0  
Replaces version of: 2024-06-05 (GHS 6)

Revision: 2024-06-05

| Abbr.       | Descriptions of used abbreviations                                                                  |
|-------------|-----------------------------------------------------------------------------------------------------|
| OSHA        | Occupational Safety and Health Administration (United States)                                       |
| PBT         | Persistent, Bioaccumulative and Toxic                                                               |
| PNEC        | Predicted No-Effect Concentration                                                                   |
| ppm         | Parts per million                                                                                   |
| RTECS       | Registry of Toxic Effects of Chemical Substances (database of NIOSH with toxicological information) |
| Skin Corr.  | Corrosive to skin                                                                                   |
| Skin Irrit. | Irritant to skin                                                                                    |
| STEL        | Short-term exposure limit                                                                           |
| TLV®        | Threshold Limit Values                                                                              |
| TWA         | Time-weighted average                                                                               |
| VOC         | Volatile Organic Compounds                                                                          |
| vPvB        | Very Persistent and very Bioaccumulative                                                            |

### Key literature references and sources for data

OSHA Hazard Communication Standard (HCS), 29 CFR 1910.1200.

Transport of dangerous goods by road or rail (49 CFR US DOT). International Maritime Dangerous Goods Code (IMDG). Dangerous Goods Regulations (DGR) for the air transport (IATA).

### Classification procedure

Physical and chemical properties: The classification is based on tested mixture.

Health hazards, Environmental hazards: The method for classification of the mixture is based on ingredients of the mixture (additivity formula).

### List of relevant phrases (code and full text as stated in section 2 and 3)

| Code | Text                           |
|------|--------------------------------|
| H302 | Harmful if swallowed.          |
| H315 | Causes skin irritation.        |
| H318 | Causes serious eye damage.     |
| H319 | Causes serious eye irritation. |
| H332 | Harmful if inhaled.            |
